Summary

UX-driven generalist with 10+ years of experience across design, marketing and digital products. Combines strong UX/UI expertise with a solid understanding of business, front-end development and AI/ML. Currently expanding into full-stack development to take a more hands-on role in engineering.

Experience

Senior UX Designer

05/2024 – Present

DocuWare · Saarbrücken

- First designer at natif.ai (now DocuWare): Building UX from scratch, scaling design systems, and hiring designers
- Working closely with the engineering team to execute testing and QA procedures
- Designing AI-driven B2B SaaS workflows and complex data logic (clients: Telekom, Deloitte, Telefónica, and more)

Digital Product Designer

05/2022 – 04/2024

INTEGR8 · Berlin

- Led UX/UI design for digital products (clients: TIER Mobility, Huawei, NIVEA and more)
- Lead agency for Vattenfall: landing page optimization with weekly client meetings, while co-engineering the websites using HTML, CSS, and JavaScript

Digital & Brand Designer

05/2019 – 04/2022

local lab · Mainz

- Designed digital products and brand identities across desktop and mobile
- Worked with public sector clients including Stadt Mainz

Freelance Designer & Developer

01/2014 – 04/2019

Self-employed · St. Ingbert

- Worked with clients across different industries on UX, web and branding projects
- Designed and built websites using modern tools and CMS systems
